LORD SAXONDALE; Or, LIFE AMONG THE LONDON ARISTOCRACY.
BY G. W. M. REYNOLDS,

BY G. W. M. REYNOLDS,

Author of "Court of London," "Kenneth," "Mysteries of
the Court of Naples," "Mary Price," etc. Price 30 cents.

This work is distinguished, in an extraordinary degree, by all those
attractive qualities which have readened the name of it. W. M. Rernolds so widely criebt afred, and caused his writings to be so entartly
senight after by the public. The liefd be has chosen in the present
work is Lendon aristocratic life and character, and he has worked up
the rich material in which it abounds with the hund of a master. He
reader in all its features. The series of the little and of the result,
has turned London arottocrasy in-ode out, and land it between the
reader in all its features. The series of the little states, descriptions and vivid definentions, by which the accomplished the result,
have never been excelled, in-the intensity of interest which they
create by any writer.

This work is of a character similar to the "Court of London," by
the name author. It takes, however, a wider rance strong the arise
tocracy of London, and exhibits their daily life on a more extensive
scale. The precularities of that life, as they are depended by Keynolds with all the power of his remun, are such as to startle the reader
while they fastinate his attention.

RON WORKS for SALE.—The PROVI-DENCE HEON COMPANY, to close a concern, offer for sale their very extensive and complete establishment for manufacturing Iron, situated on title water, at Fox Point, in

for sale their very extensive and complete establishment for manufacturing from, situated on tide water, at Fox Point, in Previdence.

These works have all been eracted within seven years, are in good order, and ready to be put into immediate operation, and are equal to the production of 28 tune of iron into plates and barfager day.

Connected with the above is a Wire Mill, capable of running eight time of rods per day, for which there is a regular and increasing demand in Providence, at the present moment, at least equal to the entire production of the mill.—Also, Reynolds I Patent Warought Spike and Nail Machines, which will turn out ten tune per day. Also, a Cut Nail Mill, capable of turning out 150 to 175 casks per day, and which could be easily arranged to double that product.

As this establishment was built for use, no expense was sparred in having everything about it of the most perfect hind, and the inventory exhibits as complete an establishment, perhaps, wa is to be found in New-England.

It is thought that no place in the United States presents a better opening for the successful prosecution, by a practical man, of the menufacturing district, requiring for consumption the entire production of these works.

At the City of Providence, the center of a large and rapidly increasing menufacturing district, requiring for consumption the entire production of these works.

A These works being on tide water, where the largest class of vessels which frequent our bay can load and receive carpoes without lighterage, allows of their receiving their supplies of coal and iron at the lowest rate of freight; and lafor can at all times be had on as good terms as obsewhere in New-England.

As it is supposed the purchaser would desire to examine the presentes, further description is deemed unnecessary. The property will be sold chap, and the terms of payment will be made easy.

For an examination of the property apply to Mr. W. H. HENDERSON, on the premises, and for terms as application and produces and an examination o
